

**Rahul Nath** is making his presence known: be it him hanging out with the A list Mumbai crowd or showing off his several work achievements that have included a prestigious job with the 'Just Dance' crew. Recently in town to promote his new releases, **Foreign** and **Compromise**, Nath has been nonstop. He was flown into Mumbai for the showing of his movies at the **Mumbai Film Festival** in Colaba and also to sit at the judging table for the new **Star TV** show, where hopefuls are trying out to win a place with superstar **Hrithik Roshan**. After a great response to his judging talents in the USA, execs at **Star TV** took note of his truthful and encouraging attitude and demanded that he offer his critique to those participating in the show. And if you think the whiz kid was about to take a holiday, he has been busy director hopping, having meetings with the likes of **Mahesh Bhatt**, **Shyam Benegal** and **Sudhir Mishra** to discuss future projects and starring roles for him in the future

### **Judging at the STAR TV JUST DANCE SHOW:** Nath's credits in the USA got him the job in Mumbai

When asked why the actor is so dedicated to working he replied "If I am not working, I become irritated and I feel like I am wasting time. Being in Mumbai is great, because the talent level is so high, you naturally raise your game" **Nath** who is enjoying the success of his movie **Foreign**, is now gearing towards his next release **Compromise**, that sees him play a very broken down character that attempts to keep his family together, no matter what the circumstances. Recently at the initial screenings in Mumbai, the feedback was great, especially for **Nath**, who is expected to enter the next level of his already amazing career

It was rumored that he was also set to make documentaries involving the hijira (eunuchs) community, to showcase their lives and struggles and challenges they face on a daily basis

At present he is seen every day in the form of an airline commercial for **Virgin**, where he churns out some of the hottest and vibrant moves anyone can do while the 'fasten seat belt sign is on'

This transatlantic actor sure knows how to make an impact, be it **India, UK or the USA** or be it Films, TV or Commercials and quotes "I will work with anybody, as long as they work as hard as me!"
